

# CAPABILITIES STATEMENT

## COMPANY OVERVIEW

Vet 2 Vet Connections, Inc. is a Service-Disabled Veteran-Owned Small Business delivering high-quality primary care, mental health services, and Compensation & Pension (C&P) examination support to federal agencies and veteran populations. Founded in 2026 in Griffin, Georgia by Chief Petty Officer Patrick Collier, USN (Retired) and Stephanie Collier, FNP-BC, the company brings over 50 years of combined clinical experience across VA healthcare systems, Medicare and Medicaid programs, and long-term care environments. We specialize in delivering accurate clinical evaluations, regulatory-compliant documentation, and patient-centered care that supports timely, informed government decision-making.

## PAST PERFORMANCE & RELEVANT COMMERCIAL EXPERIENCE

- **Department of Veterans Affairs**
  - Performing Compensation & Pension (C&P) examinations for veteran disability claims as a subcontractor under Loyal Source Government Services, a prime contractor with \$2.3 billion in VA, DHS, DoD, GSA, and NASA contract awards. Delivering accurate clinical evaluations, thorough documentation, and timely completion of Disability Benefits Questionnaires (DBQs) supporting the VA's disability rating determination process.
- **Medicare / Medicaid Programs**
  - Team members have delivered compliant primary healthcare services under Medicare and Medicaid programs across multiple clinical settings, maintaining federal documentation standards, clinical quality requirements, and regulatory compliance across diverse patient populations.
- **Long-Term Care Facilities / Georgia State Agencies (DHR, DCH)**
  - Provided clinical nursing services, care coordination, medication management, and regulatory compliance support across long-term care and skilled nursing facilities. Team members have experience with Georgia Department of Human Resources and Department of Community Health healthcare delivery programs.

## CORE COMPETENCIES

- **Compensation & Pension (C&P) Examinations** — Comprehensive medical evaluations for veteran disability claims performed by board-certified nurse practitioners. Currently delivering C&P exams under VA contract through Loyal Source Government Services, with direct experience in VA examination protocols, documentation standards, and claims processing requirements
- **Disability Benefits Questionnaire (DBQ) Completion** — Accurate and thorough completion of VA DBQ forms supporting veteran disability rating determinations. Trained in VA-specific clinical documentation requirements, reducing processing backlogs and ensuring compliance with federal healthcare standards
- **Primary Healthcare Services** — Outpatient primary care delivery including chronic disease management, preventive screenings, and routine health assessments for veteran and government affiliated patient populations across Medicare, Medicaid, and private healthcare settings
- **Mental Health Care Services** — Psychiatric evaluation, medication management, and behavioral health support delivered by PMHNP-certified practitioners for veteran populations experiencing PTSD, depression, anxiety, and service-connected mental health conditions. Personnel currently in advanced training.
- **Long-Term Care & Skilled Nursing** — Clinical oversight and nursing services for long-term care facilities serving veteran and elderly populations, including medication management, care plan coordination, and regulatory compliance
